

LPG Cylinder Booking App – UI/UX Design

Project Overview:

A mobile UI/UX design concept for booking LPG cylinders quickly and easily through a simple digital platform.

Objective:

To design a simple, user-friendly LPG cylinder booking experience with OTP verification, consumer details, booking, payment and confirmation screens.

Tools Used:

- Figma

Key Features

- User login
- Mobile number verification
- OTP verification
- LPG consumer details
- Cylinder booking
- Delivery address
- Cash on Delivery / UPI payment
- UPI payment screen
- Booking confirmation

Screens
